Cable Box

The XXL Cable Box from Bosign is super sized to fit not only cables but also electronic equipment like routers and WiFi-stations. Cable Box XXL is extending Bosign´s existing series of cable boxes with a larger version in the same style, but with some new features. The XXL size features a larger lid that can harbour routers and WiFi-stations and the cables can now also be accessed through a new cable outlet on the backside of the box.

- Conceals cables, several power outlet strips and cord clutters
- Ideal storage for electrical devices; Routers, Apple TV and Gaming equipment
- Made from flame retardant plastic
- Keeps your electrical leads and extensions in order
- Large lid for easy access of charging devices
- Click-function lid keep cords, chargers in place
- Silicone feet protects the floor
- Ventilation holes

Do-Dish

Do you need to quickly dish a pot or your favorit coffee mug? Wish you didn't have to bring out the bottle of detergent or didn't have to leave it on the counter top?

With Do-Dish™ you always have quick and easy access to just the right amount of dish detergent for a quick cleaning up in the kitchen. Saves time, money and the environment. A non-slip silicone base keeps the dish soap dispenser secure in place.

Easy one-handed operation

Press the lid of the dispenser with your dish brush or a sponge to dispense dishwashing liquid. Do-Dish™ squirts just the right amount of dish soap trough the small hole in the center of the lid right on to your brush or sponge.

- Instant access to washing-up liquid
- Easy one-handed operation
- Eco-friendly, minimizing dish soap usage
- Saves time, money and the environment

Kitchen Tablet Stand

Bosign's awarded Kitchen Tablet Stand for home chefs is a smart and versatile portable iPad or tablet platform for the home.

- Assists in the kitchen when following online recipes
- Allows you to rest your iPad or tablet in one of three positions: flat (screen up), horizontally or vertically.
- Non-slip silicone keeps your tablet steady
- Made from food safe silicone
- Easy to clean (hand wash)
- 100% recyclable silicone
- International Award – 'Kitchen Innovation of the Year 2013'

Especially designed and developed to fit into the kitchen environment and its demands for modern home chefs who search for recipes, watch cooking videos and listen to music while cooking. Your iPad/ Tablet pc can be placed either standing or lying down. However you position it, Tablet Stand's soft and non-slip surface ensures it will rest securely on top without sliding off.

Laptop and Tablet support

Surfpillow is the laptop pillow for everyone who likes to surf and work comfortably from the couch, bed or armchair.

Surfpillow Hitech is a shapeable laptop pillow in polyester. The top and bottom of the laptop pillow have anti-slip surface bumps. This makes the computer rest securely on the pillow and the pillow rests securely on your lap. The Surfpillow design prevents the lap and computer from overheating. The arched anti-slip bumps on top of the pillow creates a heat dispersing air slit between the computer and pillow.

- Shapeable soft bean bag cushion – comfortable surfing
- The air slit prevents overheating of lap and computer
- Longer battery life since the air slit cools the computer
- The computer rests securely against the anti-slip surface of the pillow
- Washable pillow cover
- Surfpillow is a patented invention from Bosign

The pillow takes up little space and can be easily stored on the couch, armchair or in bed when not in use. The laptop pillow fits laptop sizes

AirMirror, Make-up Mirror

Bosign's detachable Make-up mirror is a flexible and versatile accessory in a stylish design. With its magnifying capacity and its functional design, the mirror is an ideal tool for applying makeup, tweezing eyebrows or putting in contact lenses. The clever design of the magnetic fastener allows you to rotate and turn the mirror to the best angle according to the light available.

- Easy to detach for a comfortable handheld close-up view
- Swivels on wall-mount to any angle needed
- Travel friendly, bring the mirror anywhere
- Mounts with a strong suction cup, no needs for screws
- Sharp close-up view with high quality optical mirror
- Great for home, office, school

The mirror has a combined fastener with suction cup and magnet. The mirror is fastened with a strong suction cup, which stays put on all smooth surfaces such as tile, glass, plastic or metal. The magnet then fastens against the suction cup securing it further.

Foot Bath

Revive tired achy feet with a soak in Bosign's unique Inflatable Foot Bath.

With specially designed soft pads in the bottom to make it extra comfortable, the air inside the actual walls of the foot bath both insulate and store the heat for longer. Unlike other foot baths on the market that are made of hard plastic, Bosign's foot bath is made from recycled soft plastic, so much kinder to both legs and feet.

As it is inflatable the foot bath takes up minimal space when it is not in use and it is very easy to clean, simply turn the bath inside out and rinse off. Plus, with its two sturdy two handles the foot bath is easy to carry, even when full with water, to wherever you choose to sit down and relax.

The foot bath can hold up to 1.3 gallons of water (see markings on the inside of the foot bath).

Gift tips: Becomes a wonderful gift, combine the foot bath with foot salt, a foot file and a magazine/book.

Kitchen extra

Bosign's Cake Tester Air minimises the mess on kitchen surfaces during use. The innovative design of the handle makes the spreader tip raised off the surface to help minimise mess.

- Elevated tip minimizes the mess
- Safe & Soft-grip handle in 100% silicone
- Stainless steel probe
- Reusable, unlike toothpicks and bamboo skewers
- Food grade safe & recyclable handle in silicone
- Dishwasher safe
- Colorful grip makes it easy to find in your cabinet drawer

Test easily the doneness during baking or cooking by simply inserting the fine stainless-steel probe into the center of the cake, bread or potato. A soft-grip handle makes the tester easy and safe to use near a hot oven. The soft grip-handle of Bosign's Cake Tester Air comes in

The Branch Hanger is shaped like the branch of a tree and designed to hook neatly over the front of a drawer or cupboard so that you can hang a tea towel, oven gloves, pot holder or other similar item.

The hanger can be easily moved whenever you want and you can avoid ugly drill holes. Choose whether the hook will hang visibly on the outside or be hidden on the inside of the door.

The hook has a protective film to avoid scratches on the door / drawer.

Fits the cupboard door/ drawer front with a depth of 0.8 inches.

Made of steel Branch Hanger is available in a wide choice of colors and sizes.
